

UV CLEAR Coatings

Description

The following information is for guideline purposes only. If you have any questions, please contact Allied PhotoChemical at 810-364-6910.

UV CLEAR COATINGS Guidelines:

Allied offers a full family of 100% solids (meaning no solvents) UV Coatings.

These coatings can be applied using the following traditional application methods:

- ✓ Airless
- ✓ Roll Coating
- ✓ Vacuum Coating
- ✓ Curtain Coating
- ✓ Rotary Bell Atomizer
- Air-Assisted Airless
- HVLP
- Airspray
- LVLP

Specific application details need to be provided to Allied PhotoChemical to insure that the correct coating, viscosity, etc are provided.

The heating of coating is required to insure consistent paint delivery to your application.

UV CLEAR COATINGS:
